(Ref. No. DN38473R1)

Dear Bob:

In honor of the New Year (and the postal rate increase) we again send you a copy of the patent application as filed, as well as an inventor's Declaration and Assignment for your review and execution. Please read both the Declaration and Assignment carefully to ensure that you understand them before signing and dating them in blue ink in the appropriate places. You will note that the Assignment should be notarized.

The terms in the Declaration provide that every individual who is involved in the preparation of a patent application owes a duty of candor and good faith to the PTO. If you know of any information relating to prior patents, publications, offers for sale or public uses, it must be disclosed if there is a substantial likelihood that a reasonable Patent Office Examiner would consider it important in deciding to issue a patent on the application.

After completing the foregoing review, please return the executed Declaration and Assignment to us in the prepaid, self-addressed return envelope provided so that we can file them in the PTO as promptly as possible.

If you have any further questions or comments, please do not hesitate to give me a call at (319) 369-3661.

Very truly yours,

Jack 1/9/01
